

## SH 3: Optical Parametric Oscillators

Majid Ebrahim-Zadeh  
ICFO-The Institute of Photonic Sciences  
Barcelona, Spain

### Biography

Majid Ebrahim-Zadeh is an ICREA Professor at ICFO, in Barcelona, Spain. He has been active in the advancement of OPO technology for over 25 years and his research has led to the realization of new generations of tunable light sources from the UV to mid-IR and in all time-scales, from continuous-wave to ultrafast picosecond and femtosecond regime. His work has led to over 580 peer-reviewed publications, including over 100 invited and keynote talks and 14 post-deadline papers at major international conferences. He has edited 2 books and authored 15 major invited book chapters and reviews in volumes such as *Science*, *OSA Handbook of Optics*, *Springer, Handbook of Laser Technology and Applications*, *Philosophical Transactions of Royal Society*, and *Laser & Photonics Reviews*. He has been a regular instructor of the short course on OPOs at *CLEO/USA* (1996-2010) and *CLEO/Europe* (since 2007).

Prof. Ebrahim-Zadeh has chaired 6 international conferences and served more than 50 times on the technical, organizing, advisory and steering committees, and sub-committee chair of major conferences. He has served as advisory editor of *Optics Letters*, guest editor of *J. Opt. Soc. Am. B*, topical editor of *Optics Letters*, associate editor of *IEEE Photonics Journal*, and associate editor of *Optica*. He is the founder, president and chief scientist of *Radiantis* ([www.radiantis.com](http://www.radiantis.com)), and recipient of several honours and award, including Innova Prize for technology innovation and enterprise (Spain, 2004) and Berthold Leibinger Innovationspreis (Germany, 2010). He is a Fellow of OSA and SPIE.
